## 24 days of digital distractions

### Press Release

**Electric December: City of Bristol College Connects Bristol**  
**December 6 2005**

Plug into day six of **Electric December**, which connects Bristol via music, film and radio to explore the city's rich multicultural heritage.

In the music section, visitors can listen to rock, dance and blazing hip hop beats from Bristol-based artists, mix up and mash up the sounds of the city by triggering samples through an interactive online keyboard.

Surf the radio section, where the best of local radio stations are showcased, or take a trip around the city to view Bristol's finest film venues and get a taste of what they have to offer.

This interactive online space, created by second year HND multimedia students at City of Bristol College, used 2D and 3D authoring software, and gives visitors an insight into how Bristol's urban environment connects to create a uniquely creative city.

**Electric December** is Watershed's widely acclaimed online digital advent calendar, which offers a new and totally unique digital present every day from 1 Dec - counting you down to Christmas.
