

## Press Release

### Electric December: Wishing Worlds 7 December

Wishing Worlds is an interactive gallery of work of children from Ashton Gate Primary and Ashton Park Secondary Schools. The work is inspired by two main questions; "If you were in charge of the world for a day, what would you do?" and "If you could make any dream come true, what would it be?"

The children translated their ideas into animations and short video clips, which have been embedded into two surreal magical landscapes by local artist and video maker Amy Feneck, and animator and UWE student Oli Lyndale.

Their ideas have been transformed into lovely audio/visual clips, which they narrate and will melt the heart and make you feel good. Just like a good wish should!

**Electric December** is Watershed's widely acclaimed online digital advent calendar, which offers a new and totally unique digital present every day from 1 Dec - counting you down to Christmas.

#### Notes to editors

- This project was funded by UWE - Bristol School of Art, Media & Design, with support from Creative Partnerships – <http://www.uwe.ac.uk/amd/>
