

Press Release
Electric December: Wishing Machine
24 December

This year's Electric December gift from The i City Learning Centre comes in the form of a wishing machine abandoned next to a log cabin in a forest of Christmas trees. See Santa fill the machine with gifts, then choose your wish cycle to see animations made by students from Bristol Gateway School, Monks Park School and St Bedes Roman Catholic College using Flash MX for the first time. Some of them are funny, some of them are thoughtful and some of them are just wishful!

Electric December is Watershed's widely acclaimed online digital advent calendar, which offers a new and totally unique digital present every day from 1 Dec - counting you down to Christmas.

Notes to editors

- This gift was made by students at Bristol Gateway School, Monks Park School and at St Bedes Roman Catholic School working with The I City Learning Centre.
- The I City learning Center is based on the site of Monks Park School in Horfield.
- Electric December is an example of the work contributing to Bristol's bid to The Digital Challenge, which offers a £7m prize to develop a showcase zone for eGovernment and ICT innovation - find out more at <http://www.egovmonitor.com/node/1716>
- Find out more about Electric December, and download images and press releases at <http://www.electricdecember.org/06/press>
- Electric December is a Watershed project supported by Bristol City Council and Bristol Evening Post.
- You can see the last seven years of Electric December now at www.electricdecember.org
